

When an appropriate patient is identified for Doptelet and their prescription is written, follow these steps to initiate treatment.

**Referral to
Doptelet Connect™**

- Complete the Prescription and Enrollment Form and fax it to Doptelet Connect at 1-855-686-8729.
 - Complete the information for the appropriate specialty pharmacy or on-site dispensing pharmacy.
- Work with Doptelet Connect to complete the prior authorization (PA) process.

Doptelet Connect can assist with the benefits investigation and PA process.*

OR

**Payer or Specialty
Pharmacy Referral**

- Contact the plan to obtain any PA requirements OR refer the prescription to a specialty pharmacy.

PA Approval or Denial

- Communicate the approval or denial to the patient.

After PA Approval

- The specialty pharmacy must speak with the patient prior to shipment. The patient should answer or return the call as soon as possible to avoid delays.
 - The patient should inform their provider if the specialty pharmacy makes any changes.
 - In some cases, the office may need to notify the specialty pharmacy of PA approval prior to each shipment.

In the Case of a Denial

- Review the denial letter from the patient's plan to determine the reason and next steps.
- If necessary, appeal the denial.

Doptelet Connect can assist with the denial and appeal process.*

**Doptelet Connect or
Direct Referral Pathways**

- Follow the payer-specific PA requirements for each fill.
- Help ensure adherence through ongoing coordination between the specialty pharmacy and patients.

Review the plan's policy and resubmit PA forms as needed for reauthorization.
